Education

Nirma University **July 2023 – May 2027**
B.Tech. in Computer Science & Engineering *Ahmedabad, Gujarat CGPA: 7.25/10*

Jawahar Navodaya Vidyalaya, Aliabada **May 2022 – March 2023**
12th Board, CBSE *Aliabada, Jamnagar Percentage: 73.2*

Jawahar Navodaya Vidyalaya, Aliabada **May 2020 – April 2021**
10th Board, CBSE *Aliabada, Jamnagar Percentage: 89*

Coursework

- UI UX Design
- Data Structures and Algorithms
- Design and Analysis of Algorithms
- Operating Systems
- Object-Oriented Programming
- Computer Networks
- Introduction to AI and ML
- Data Analysis and Visualization
- Full Stack Web Development

Skills

Programming Languages: C++, C, Java, Python
Tools: VS Code, Figma, Logisim, HTML, CSS, JavaScript
Other: Leadership, Teaching, Teamwork, Adaptability, Problem Solving, Work Ethic

Coding Profiles

CodeForces: Grace_14 (Max: 1230, Pupil)
Codolio: grace_1407
LeetCode: Gracy_Christian

Projects

Udaan – Scholarship Discovery & Application Platform (UI/UX Case Study)
Behance Link
- Designed a user-centered platform to simplify scholarship discovery and application using research and usability testing.
- Tools: Figma, FigJam

FinShield – Cybersecurity Simulation & Risk Assessment Platform
GitHub
- Built a MERN platform to simulate phishing attacks with real-time analytics and secure authentication.
- Technologies: React, Node.js, Express.js, MongoDB

SmartShala – School Management System
GitHub
- Developed a role-based system for managing attendance, assignments, and academic workflows.
- Technologies: React, Firebase

Position of Responsibility

Computer Society of India
Core Committee Member
- Organized and volunteered in tech events like **Cubix'25** and **HachNUthon 6.0**, contributing to student engagement and technical growth.

Areas of Interest

- UI - UX Design
- Web Development
- Problem Solving
- Software Development
